EXECUTIVE FEATURES, ENTRY LEVEL PRICE

Brimming with rich features at a surprisingly affordable price, the TS-80 is the ideal telephone set for small businesses looking to combine quality with value.

The TS-80 business speakerphone comes equipped with an adjustable backlit LCD display, six one-touch feature keys for easy call handling, and a stylish design.

The TS-80 is built with productivity in mind. It maintains basic telephone functionality and retains all memory even in the event of a power failure.

Designed for TalkSwitch: Like all of our telephones, the TS-80 was built for smooth integration with TalkSwitch PBX systems.

Loaded with Great Features:

- Six one-touch feature keys
- Caller ID display
- Data port
- Message waiting counter
- Message waiting indicator
- 99 name/number caller ID log
- Intercom and group paging capability*
- Hearing aid compatibility
- Speakerphone
- Programmable line access code

TS-80

* These features are available only for the 24-CA, 48-CA and 48-CVA telephone systems. These advanced features offered with TalkSwitch telephones are supported for TalkSwitch software releases beginning with 3.21.120 (Sept. 21/05). For best results, use the most recent version of TalkSwitch software.

This product is Hearing Aid Compatible and Volume Control is in compliance with FCC Part 68 and the Hearing Aid Compatibility Act. Available in North America.

TalkSwitch[®] is dedicated to providing small and multi-location businesses with innovative telecommunications solutions. Since 1990, TalkSwitch has delivered rich features, high functionality and unbeatable value. Ideal for businesses with up to 32 telephone users per office, TalkSwitch systems provide users with options to connect to both the traditional telephone network (PSTN) and Voice over IP (VoIP) networks. TalkSwitch is headquartered in Ottawa, Canada. © TalkSwitch 2006
